PETITION UNDER 37 CFR 3.81(b)

AND SECOND REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicants are filing a Petition and Second Request for Certification of Correction for inadvertent errors made in the subject application after paying the issue fee and after issuance of a patent. Applicants have found an inadvertent error on the Issue Fee Transmittal filed in the USPTO on February 17, 2009. As a result, the error appears on the face of the Letters Patent and, unfortunately, was overlooked until now (copy enclosed).

On February 17, 2009 when Applicants prepared and filed the Issue Fee Transmittal, the Transmittal inadvertently listed HITACHI, LTD., as the sole Assignee, omitting the second Assignee's name of FUJITSU HITACHI PLASMA DISPLAY LIMITED (copy enclosed).

As evidenced by the enclosed Notice of Recordation recorded on June 21, 2004 at Reel 015484/ Frame 0986, FUJITSU LIMITED AND FUJITSU HITACHI PLASMA DISPLAY LIMITED has had joint ownership in the subject application since the initial filing date of March 24, 2004.

Since that time, and as evidenced by the enclosed Notice of Recordation recorded on December 23, 2005 at Reel 017136/ Frame 0874, FUJITSU LIMITED assigned its entire rights to HITACHI, LTD.; and as further evidenced by the enclosed Notice of Recordation recorded October 29, 2008, Reel 021785/ Frame 0276, HITACHI LTD. assigned its entire rights to

**HITACHI PLASMA PATENT LICENSING CO., LTD.**, which was filed before the subject Patent issued.

Accordingly, Applicants are respectfully requesting that the PETITION be entered and made of record, since Applicants have proven and provided proof that the errors were inadvertent.

It is further requested that this file be forwarded to the Certificates of Correction Branch for issuance of a CERTIFICATE OF CORRECTION to correct and replace the appropriate Assignee's names of record as follows: "**HITACHI PLASMA PATENT LICENSING CO., LTD.**" AND "**FUJITSU HITACHI PLASMA DISPLAY LIMITED**".

Applicants respectfully submit the processing fee of **\$130** as set forth under 37 CFR 1.117(h) and **\$100** to cover the cost of the Certificate is attached.

If there are any additional fees associated with filing of this Petition, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP

(57) **ABSTRACT**

A method for driving a plasma display panel is provided in which wasteful power consumption is reduced and light emission efficiency is improved when the number of cells to be lighted is relatively small. The method includes classifying a display ratio into plural group ranges, selecting a suitable display pulse waveform for each group range, detecting the display ratio of an object to be displayed in a real display, and plural types of display pulses having different waveforms are used differently in accordance with the result of the detection. The display ratio means a ratio of the number of cells to be lighted to the number of cells of the screen.
